## WHAT TO DO IN CASE OF A CAR ACCIDENT

### (1) Keep Calm & Safe

- Make Sure Everyone is Safe & Unharmed
- Stay Out of Traffic and Move to The Side of The Road
- Activate Hazard Lights

### (2) Call 911

- Speak Slowly and Clearly
- Answer Questions Thoroughly
- Make Sure You **and** The Other Driver(s) Wait for the Police

### (3) Give the Police Accurate Information

- Don't Try to Guess Details, Just Stick to The Facts
- Don't Discuss the Accident With Anyone Except The Police Officer(s) and Your Insurance Provider

### (4) Gather Information

- Collect Contact Information for The Other Drivers(s): including license plate information, insurance provider and policy number
- Collect Contact Information for Witnesses
- Take Pictures of the Entire Scene with Your Phone
- Obtain a Copy of The Police Report

### (5) Seek Treatment for Your Injuries

- Get Evaluated By a Paramedic and/or Doctor, Even if You Feel Fine
- Make Sure Any Injuries Are Documented Immediately
- Follow Your Doctor's Advice

### (6) Inform Your Insurance Company

- File A Claim with Your Insurance Agent
- Keep Track of the Claim Number and All Related Documents

### (7) Seek Legal Counsel

- Contact a Licensed Personal Injury Attorney to Help Determine Whether You Have a Claim for Any Injuries or Damages Caused by The Accident.
